SUMMARY

Highly motivated aspiring Full-Stack Developer with a strong foundation in web development technologies. Proven ability to design, develop, and deploy full-stack web applications through personal projects. Skilled in HTML, CSS, JavaScript and framework like React for building user interfaces and Node.js, Express.js, MySQL and MongoDB for server-side logic and data management. Eager to learn and contribute to a fast-paced development environment.

WORK EXPERIENCE

Web-Developer Intern

Feb 2024 - Mar 2024

As a Web Developer Intern at Code Clause Virtual Internship, I am gaining valuable experience in web development by assisting in the creation and maintenance of web applications. This internship provides me with practical, hands-on experience in web development within a supportive and dynamic environment, allowing me to expand my skills and knowledge in the field.

PROJECTS

E-Voting System dApp

Developed a user-friendly E-Voting System dApp leveraging ReactJS for the front-end and Truffle for seamless smart contract management and blockchain interaction. This dApp empowers users to create and manage Party, securely contribute to projects they believe in, and track their contributions with complete transparency on the blockchain.

Stroke Prediction

As a member of the Stroke Prediction project team, our goal is to develop an innovative solution that utilizes machine learning algorithms to predict the likelihood of an individual experiencing a stroke. By analyzing various health parameters and demographic data, our model aims to identify potential stroke risks early, allowing for timely intervention and prevention. Through this project, I am gaining practical experience in machine learning and contributing to the development of a tool with significant potential to improve public health outcomes.

EDUCATION

| | | |
|----------------|---|-------------|
| 2021 - Present | B.Tech at University of Engineering and Management, Jaipur | (GPA: 7/10) |
| 2021 | Class 12th GSEB Board | (64) |
| 2018 | Class 10th GSEB Board | (80) |

SKILLS

| | |
|------------------|---|
| Languages | HTML, CSS, JavaScript, Java, Python, C |
| Technical Skills | React js, Node js, Express js, MongoDB, Machine Learning, MySQL |
| Soft Skills | Communication, Teamwork, Problem-Solving, Time-Management, Adaptability |
